

BIOSTOP®

COCKROACH TRAP

sticky trap with attractant tablet for monitoring cockroach infestation, eliminating smaller infestations and maintaining cockroach-free conditions for professional and household use

BIOSTOP® COCKROACH TRAP effectively attracts and kills cockroaches (*Blattidae: Blatella germanica and Blatta orientalis and other tropical species*) without using a chemical insecticide. Simple to use and carries no risk to the inhabitants or pets. Remains effective for minimum 3 to 6 weeks on the spot.

ACTIVE INGREDIENT: food-grade attractant tablet

ADVANTAGES:

- Easily applicable, it can be used in tight places as well both in horizontal or vertical direction.
- Inner red colour increases efficacy by 25 %.
- Environmentally safe, contains no toxic insecticide.
- Remains effective for a long duration (approx. 6 weeks).

PHYSICAL AND CHEMICAL PROPERTIES:

Appearance: trap: printed special cardboard covered with glue
attractant tablet: dark brown tablets

Odour: the attractant tablet has a characteristic odour

Stability: stable up to 60 °C

Materials to avoid: wet conditions and materials

Hazardous decomposition: none

GENERAL INFORMATION:

As this trap does not contain any toxic insecticide, it is environmentally safe. The food attractant tablet effectively attracts cockroaches for minimum 3-6 weeks. The glue remains effective for a long time.

DIRECTION OF USE:

1. Open the trap.
2. Remove the peel off foil from the adhesive surface with a strong, sudden movement.
3. Remove the cockroach attractant tablet from the blister pack.
4. Place one tablet to the middle of the adhesive surface.
5. By means of paper flaps fold up the trap to form a mini-house shape.
6. Place the ready-to-catch trap to sites most frequented by cockroaches (under dishwasher, behind refrigerator, next to waste bin, under bathtub, behind lavatory bowl, etc.) so that it is protected from direct sunlight and water.
7. Place several traps at a time to catch cockroaches effectively.
8. If the traps remain empty for 4 to 5 days, replace them to new sites. If no cockroach is found after replacement, you can be certain that the area is free from cockroaches.
9. If full with cockroaches and there is no free adhesive surface, fold up and throw away into the garbage.
10. Place new traps.

PACKAGING: 4 traps - 4 attractant tablets/box, 8 boxes/carton
In bulks: 100 pcs/carton, 200 pcs/carton
